

**SOME TALK.
WE DELIVER.**

PRECISION. PERFORMANCE. PEACE OF MIND.®

GREAT CUSTOMER SERVICE. SUPERIOR PRODUCTS. A COMPANY YOU CAN TRUST.

If these claims sound familiar, it's because they are. There isn't a company out there that doesn't use them, whether they can stand behind them or not.

At Park Industries[®], we're different. We're not into using hollow phrases propped up by fancy statements or slogans. We deliver results. We stand behind every claim, statement, every interaction, and every pillar our business was built on.

Precision. Performance. Peace of Mind. These words mean something to us. And they mean something to our customers.

A HISTORY WE ARE PROUD OF. 70 YEARS AND COUNTING.

We believe words should be backed by actions and experiences, and letting the way we do business do most of the talking. It's the whole basis for how we run our business.

From day one, family values have been at the heart of our business.

Our journey began 3 generations ago in 1953 with a team of skilled associates who shared the same visions. They operated under one roof to create durable, functional solutions personalized to the precise needs of individual customers. A mission as true then as it is today.

The ParkWAY is our system of values and behaviors that we strive to reach each day, centered around TRUST, INTEGRITY, and RESPECT.

And they always will be.

OUR COMMITMENT IS SIMPLE. HELP YOU GROW YOUR PROFITABILITY.

Sure, Park Industries® sells superior machines, but that's not really all we do. We're in the business of providing you the tools that will positively impact your bottom line. We are also laser focused on creating outstanding experiences by providing the most dependable, high-precision manufacturing solutions that enable our customers, associates, and community to thrive.

And we do that by:

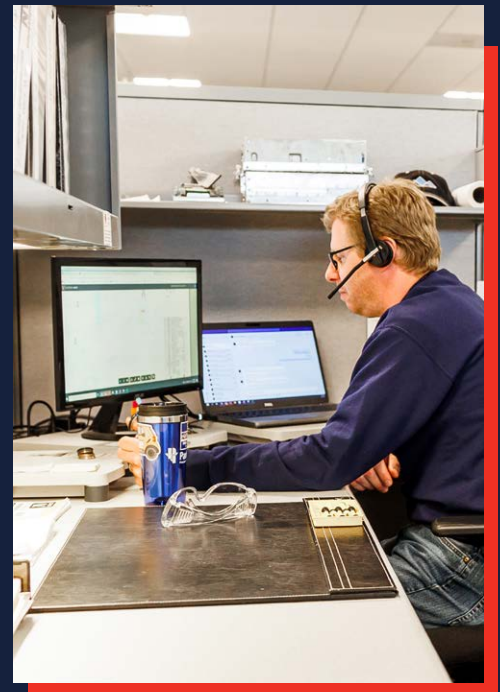

QUALITY

Ensuring quality standards are delivered 100% of the time

INNOVATION

Delivering innovative, state-of-the-art solutions

UPTIME

80+ After market support staff available to ensure optimal machine uptime

**PARK INDUSTRIES® IS COMMITTED TO FINDING
BETTER SOLUTIONS AND SERVICES TO HELP YOU
EVOLVE YOUR BUSINESS AND PROFITABILITY.**

SOME TALK. **WE DELIVER PRECISION.** PROVIDING TIME-TESTED SOLUTIONS THAT REDUCE RISK AND DOWNTIME.

INNOVATIVE ENGINEERING

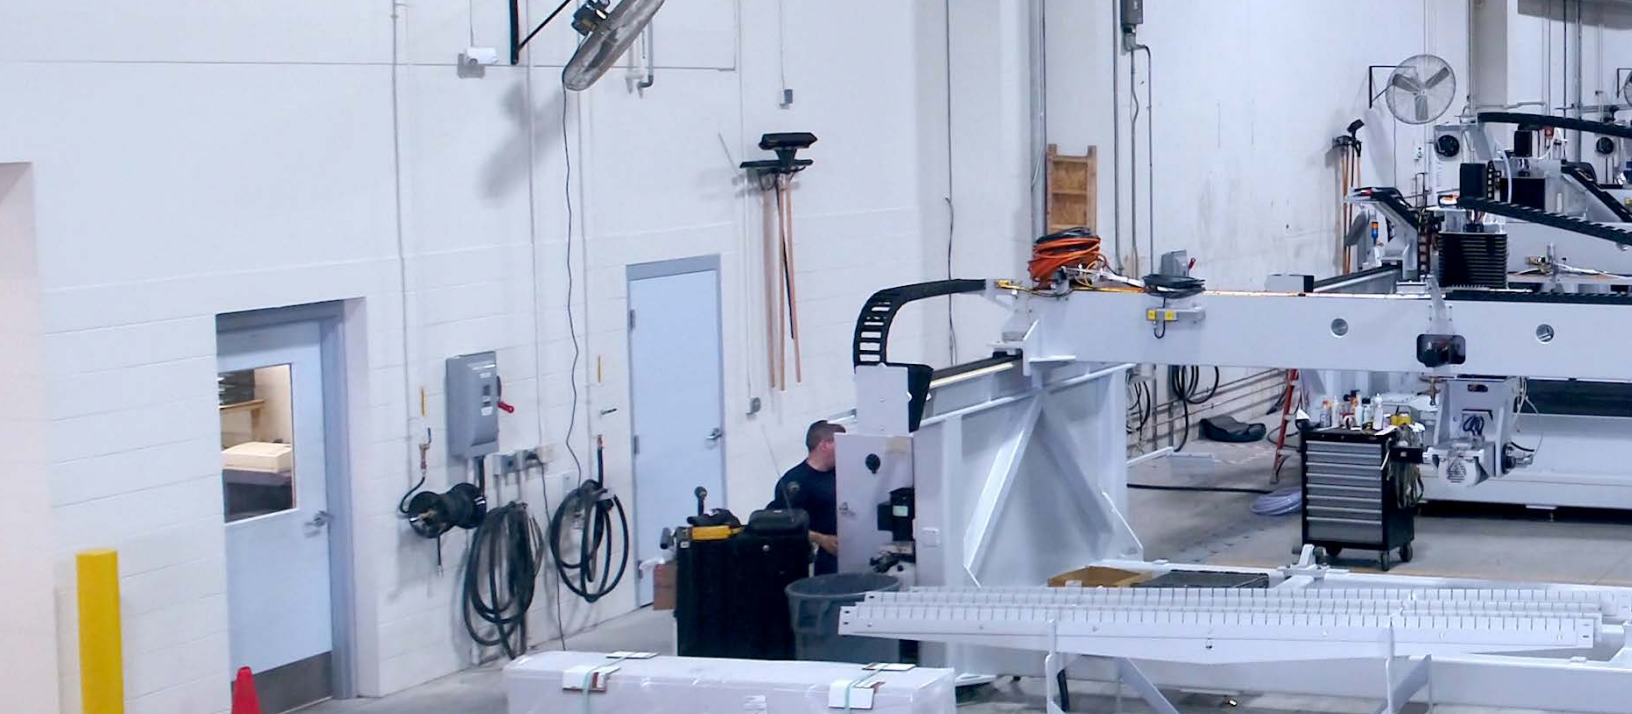

Great machines start with rock solid engineering. We understand the importance of designing machines that not only work, but perform. Our in-house engineering department has an average of 13 years in the stone industry. Their knowledge and top-of-the-line resources result in innovative fabrication solutions that improve your bottom line.

STATE-OF-THE-ART

We are an American manufacturer with over 200,000+ square foot manufacturing space located in the heart of Minnesota. In our state-of-the-art, vertically integrated facility, we utilize the latest technology and a process of quality standards to ensure precision in each machine build.

SOME TALK.
WE DELIVER PERFORMANCE.
PROVIDING QUALITY AND CRAFTSMANSHIP
IN EVERYTHING WE DO.

SALES

Trained to put customers first and focus on your best interest, Park Sales Consultants ask questions and listen to determine which equipment will most improve your operations, and ultimately your bottom line.

INSTALLATION

Timely, knowledgeable, and friendly, our expert installation team understands the importance of getting your new investment set up properly. They will not leave your shop without making certain you are prepared to succeed.

TRAINING

Our dedicated, fully-equipped training center is where our expert training team takes you and your staff through a detailed course on programming, operating, and maintaining your machine, so you can start making money the day it is installed.

CUSTOMER SERVICE

Park strives to provide world-class service and support. Our team of dozens of full-time associates is available to answer your questions 24 hours a day, 7 days a week. This support is unmatched in the industry.

FIELD SERVICE

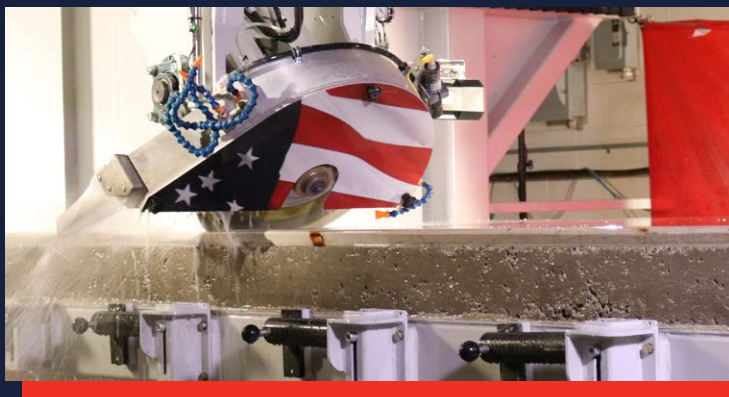

Our field service technicians are available for immediate dispatch to your shop. They are highly skilled and truly focused on minimizing downtime.

PARTS GUARANTEE

We believe in maximum uptime, meaning you won't need to wait around on a part from us. We have over a half-million unique parts in inventory, and offer a guaranteed next-day or no-pay parts policy.

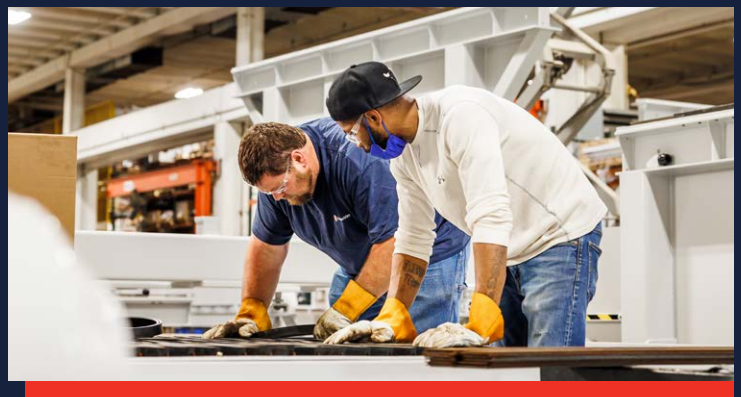

SOME TALK.
WE DELIVER PEACE OF MIND.
24 HOURS A DAY, 7 DAYS A WEEK.

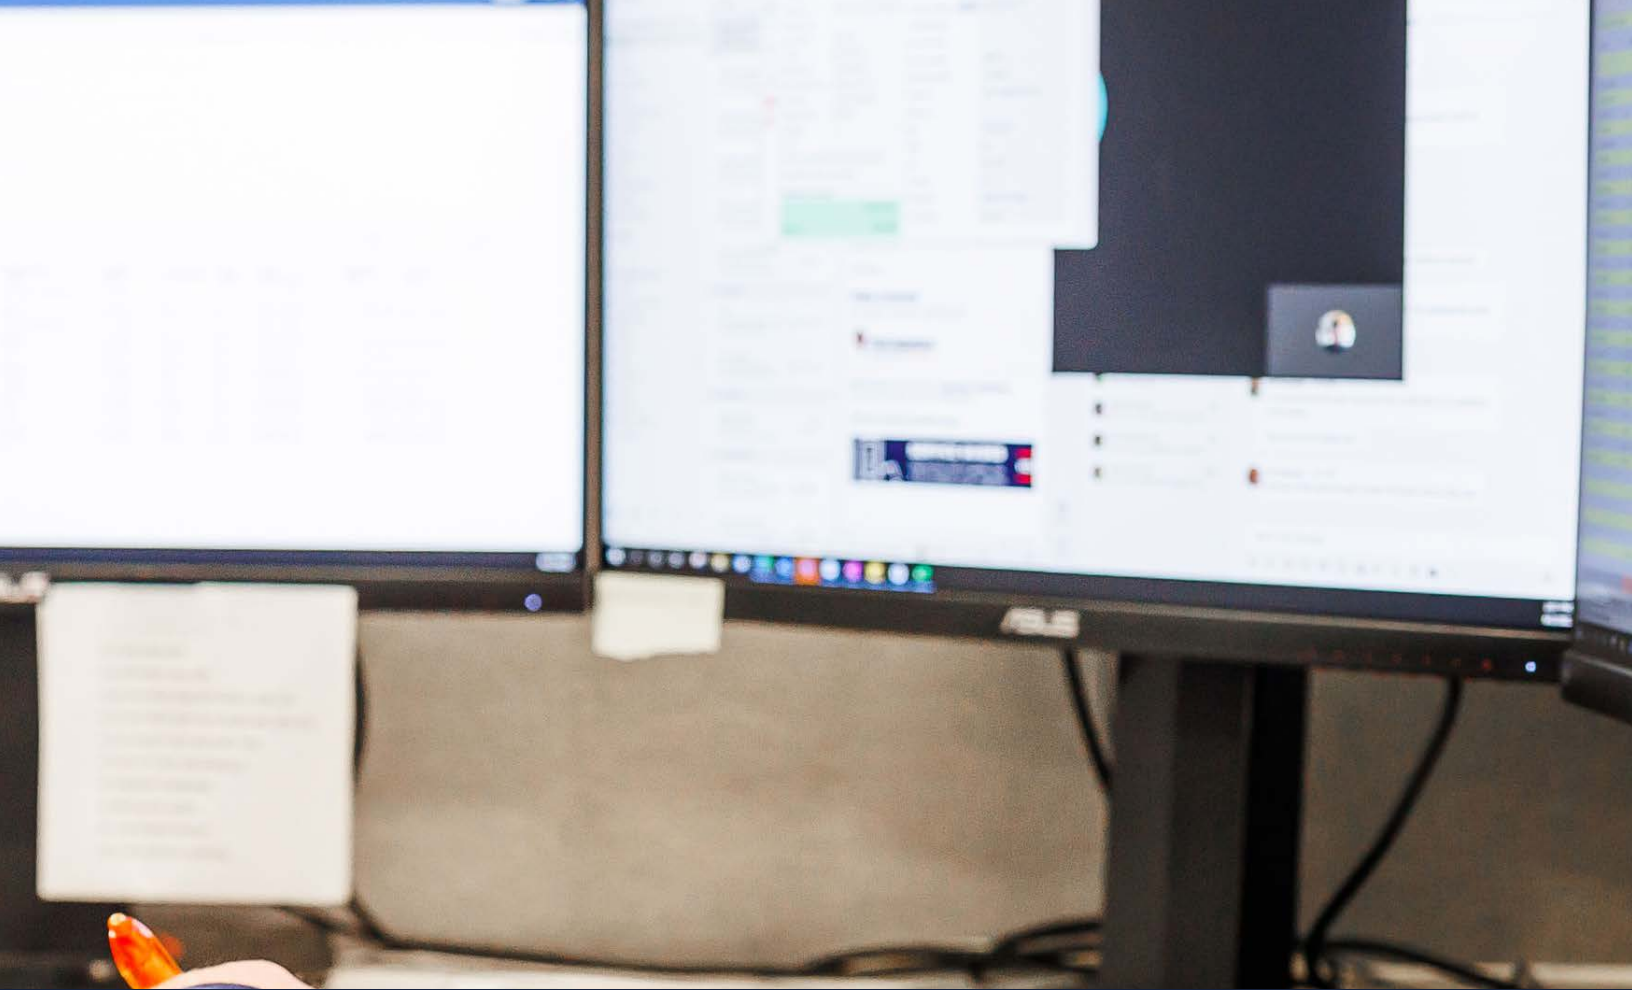

EQUIPMENT

Our durable machines are built to minimize costly downtime.

SET UP

From decision making to day one, we walk you through every step of the process.

SUPPORT

We are here to help no matter what. 24 hours a day, 7 days a week.

PARTNERSHIP

Loyalty is important to us. We succeed when you succeed.

FABRICATOR SPOTLIGHT

I appreciated they didn't give up on me. There was honesty, and I knew I wasn't getting sold something I didn't need. That's the reason we've bought all the Park Industries® machines we have, and why we continue to work with them, because of the commitment to service."

Supporting American made products and jobs are equally as important to the McKenzie team. They work hard and happy, knowing each machine purchase not only helps their company grow, but also provides careers right here in 'hometown USA.' Narelle doesn't hesitate when asked why someone should work with Park Industries®: "You will not be sorry," she states simply. "The Park team, from sales to service and everyone in between, has shown their commitment to us. As an owner, I know I can count on them to have my back."

NARELLE MCKENZIE // MCKENZIE STONE AND TILE

WE'RE IN THE BUSINESS OF GROWING YOUR PROFITABILITY PARTNER WITH PARK INDUSTRIES®

6301

When I am cutting 30 slabs a day, I cannot afford for my machines to be down... it'd be a huge cost for my business. What separates Park Industries® from the rest, is they make sure my machinery will not stay down. Their customer service is great and I can get a part here by 10am the next morning 99.9% of the time.”
